

Pacific Diving Academy

Evaluation of Prior Credit Recorded with other Professional Scuba Certification Organizations or Military Scuba Training Facilities

Military and Veterans requesting VA Benefits are required to present all prior professional scuba certifications (if any are available) to the School Certifying Official at Pacific Diving Academy for evaluation before receiving benefits. These prior certifications will be forwarded to the PADI Course Director for evaluation to determine if course credit will be applied toward completion of your certification training at Pacific Diving Academy. Copies of the certifications/certification ID cards will be maintained in the student veteran file. Unofficial certification transcripts or copies of the official certification are acceptable for the preliminary evaluation.

If there is no previous credit from a Professional Scuba Certification Organization or Military Scuba Training Facility, declaration can be made that none exists. By doing so however, it is understood that the U.S. Department of Veterans Affairs, Debt Management Center (DMC) **can bill the student for overpayment** if it is determined that duplicate training has occurred.

STUDENT MUST CHECK ONE:

- I declare that I have no previous credit from any professional scuba training organization or military scuba training facility.

Date: ____/____/____

School Certifying Official: _____

- Certification records from other professional scuba training organization or military scuba training facility have been delivered to the School Certifying Official/PADI Course Director for evaluation. Evaluation results and copies of certifications/certification cards will be added to my student veteran file.
